PRESS STATEMENT

The Management of Arthur Jarvis University is pleased to announce the release of her student who was abducted on Tuesday, July 19, 2022. The student is safe and has been reunited with her family.

The police report reveals that 3 of the perpetrators have been neutralized, and one other is presently in police custody.

The Management of the University applauds the security agencies for their swift response and proactive measures that have led to this successful operation.

The Management also debunks the rumors making the rounds that the University has been shut down indefinitely. Kindly disregard this as it is false and malicious. The University only commenced her 2021/2022 session vacation in view of the unfortunate incident and will resume academic activities September 23, 2022 for the 2022/2023 academic session.

We thank you for your prayers, support, and well wishes for our Institution during this period as we will remodel and intensify the security architecture of our school.

God bless AJU.

ADM. (MRS.) UGHAS NGOZI F.
